

SENATE TAKES UP ARMY BILL

Begins Debate Expected to Be the Most Momentous Since Civil War

PUT ARMY FAULTS UP TO CONGRESS

House Will Probably Take a Final Vote on Immigration Bill To-day

Washington, March 30.—After many delays and disappointments the army reorganization bill was taken up in earnest by the Senate yesterday as a substitute for the House measure. Senator Chamberlain succeeded in getting the measure made the unfinished business. It will be kept before the body until it is acted on.

The broadest and most momentous discussion and consideration of preparedness on land, which has been heard in Congress since the Civil war is in prospect in the Senate. The House, it is true, gave considerable time to the army bill, but its rigid rules prevented any chance to thoroughly overhaul the measure as it came from the committee. In the Senate not only is thorough discussion promised, but amendments of far-reaching importance will be given consideration.

One of the questions to be threshed out is government manufacture of war materials. Another is vocational training in the army. Senator Hoke Smith intends to urge such training with the utmost vigor. The subject of a federal volunteer force also will cause lively controversy. The National Guard is opposing it on the ground that it is the continental army scheme in disguise.

The bill provides for a standing army of approximately 175,000, an increase of about 40,000 over the total proposed in the House measure; a federal volunteer force with a maximum strength of 200,000, and a federalized National Guard of 280,000 men.

AMENDS IMMIGRATION BILL.

House Will Probably Take Final Vote on Measure To-day.

Washington, March 30.—Any restriction imposed by a foreign country on immigration from the United States would automatically become operative as a restriction upon immigration from that country into the United States under a provision written into the Burnett immigration bill by the House. The amendment was submitted by Representative Humphrey of Washington, who cited specifically a Canadian order-in-council barring unskilled and skilled laborers from entering Canada through British Columbia.

The House failed to complete debate on the bill as leaders had expected, and discussion will be continued to-day. Cal-

Physicians in Consultation—Kidney Trouble Overcome

In April, 1914, I was attacked with kidney and bladder trouble and suffered great pain and was confined to my bed for two months. I was attended by physicians and was patched up and went back to work, but continued to suffer more or less, until about the 15th of December, 1914, when I called in two prominent physicians, who held consultation over my case and announced that operation was necessary, that my right kidney would have to be removed. At this point my brother-in-law, who lives at Texarkana, insisted that I try Swamp-Root, which gave him relief. I began taking Swamp-Root at once, and from the first bottle I have steadily gained in weight from 150 pounds to 170 pounds in six weeks' time. I feel good, have a good appetite, sleep well; in fact, I feel like myself again. In the consultation of my physicians they used an X-ray, and gave me a most rigid examination. I most cheerfully recommend Dr. Kilmer's Swamp-Root to sufferers from kidney trouble.

W. W. ROSSON, Policeman No. 1, 305 W. Lollar street, Tyler, Texas.

We hereby certify to the above facts, and that we sold the Swamp-Root to Mr. Rossen, as testified to therein.

ODOM DRUG CO., T. L. Odom.

Personally appeared before me this 12th day of February, 1915, W. W. Rossen and T. L. Odom, who subscribed to the above statement and made oath that the same is true in substance and in fact.

H. H. HODGES, Notary Public, Smith County, Texas.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do for You. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention The Barre Daily Times. Regular 50c and \$1.00 size bottles for sale at all drug stores.—Adv.

1910 THE FISK HOSPITAL 1916

Devoted Exclusively to the Treatment of Alcoholism and Drug Addiction

has completed extensive repairs and improvements and is now ready to receive patients. It is a private hospital, not a sanatorium. There are no bolts, locks nor bars, and no restrictions save those necessary to insure against a patient secreting drugs. There are no wards, only private rooms. The patient coming in contact only with attending physicians and nurses trained in the work insures desired privacy. Objectionable patients are not admitted for treatment. This has been our policy for the past six years. The treatment is known to every physician. It is brief, painless and effective. It removes the poison from the system and obliterates the craving for drugs and drink. For full particulars, write or wire:

MEDICINES, LIKE MEN

Have Character—Appearance, Quality, Merits, Results.

The first favorable impression made by Hood's Sarsaparilla is confirmed by continued use. It is a harmonious combination of compatible ingredients, perfect pharmaceutically—that is, it is the finest product of most skillful pharmacy. And in therapeutic value—or power to cure—it is one of the best medicines America has ever produced.

On the practical side, which of course is the most important to you, Hood's Sarsaparilla for forty years has been demonstrating its curative power in relieving complaints arising from impure blood, low state of health, poor digestion, inactive kidneys and liver.

For your humors, or for rheumatism, weak stomach, loss of appetite, that tired feeling—take Hood's Sarsaparilla. It will do you good.—Adv.

Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest ailment that has been hanging on and refuses to yield to treatment, get from any drug store 2½ ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Four 2½ ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of 82¢. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent lough cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quaiacol, which is so healing to the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

endar Wednesday prevented consideration of it yesterday, but the House agreed to meet earlier than usual to-day so that debate might be ended and a final vote taken on that day.

In advocating his amendment, Representative Humphrey declared 63 per cent of the applicants for charity in Seattle last winter were foreigners, and that the United States "ought not to permit British Columbia to make this country a dumping ground for her laborers."

Representative Burnett, author of the bill, served notice during debate Tuesday that should the measure be vetoed because of the literacy test section, as previous immigration bills have been, he would continue the fight for such restriction at the next session of Congress, and "until it becomes a law."

An amendment by Representative Treadway of Massachusetts, providing for deportation of aliens who fail to become citizens within three years after entering the country, was voted down.

Suffragists Keep Up Fight.

Consideration of every proposed constitutional amendment introduced in the House this session, including those for woman suffrage and prohibition, and 19 others of a minor character, was postponed indefinitely Tuesday by the judiciary committee. The vote was 10 to 9. Suffrage leaders who vainly sought to have their proposal voted on separately, declared that they would continue their fight until the end of the session, if necessary. They maintained that they controlled enough votes in the committee Tuesday to insure victory if the other questions had not been included in the motion. If possible they will bring the issue to a vote again when the committee meets to-day.

Little hope for a favorable report from the present committee is entertained, however, by the members who favor suffrage. Prohibition leaders have made no announcement as to their future plans.

\$3,000,000 Added to Indian Bill. The Senate has passed the Indian appropriation bill, carrying approximately \$12,000,000, an increase of nearly \$3,000,000 over the bill as it passed the House.

STAY OF SENTENCE

In Case of Roosevelt's Secretary Charged with Assault.

New York, March 30.—A stay of sentence was yesterday granted to John W. McGrath, secretary of Theodore Roosevelt and lately acting secretary of the Progressive national committee, who was Tuesday committed to the workhouse for 30 days on a charge of disorderly conduct and assault. The complainant against McGrath was Charles Light, jr., of Brooklyn, who charged in court Tuesday that McGrath and William Powers assaulted him in a restaurant in Brooklyn on June 11 last.

Colonel Roosevelt has announced that he will stand by his secretary. He issued a statement expressing indignation at the sentence and asserting that McGrath would continue to remain in his service.

The sentence was stayed by the court pending an examination of the testimony.

PREPARE FOR VITAL BLOW

Agree on Joint Attacks to Be Made Upon All Fronts

WILL MOVE THIS SPRING

Expected to Bring About Peace by Christmas

London, March 30.—Before the end of June the allied armies will strike simultaneously blows on all fronts with the object of bringing the kaiser to his knees and ending the war before Christmas. This combined offensive, it was held in London yesterday, is the certain result of the great war council of the allies which closed at Paris Tuesday night. The allied forces may begin to move before the crown prince ceases his official movement at Verdun.

The allied drives may be preceded by other German attempts to break the western front, it is believed here. Paris reported yesterday that, despite the violence of the German attack Tuesday northwest of Verdun, large forces were not employed.

There are persistent rumors that the Germans have used the long lull at Verdun to shift troops for a blow at some other sector of the French front.

No further statement of the results of the war council sessions at Paris will be given out, it was stated authoritatively yesterday. It is probable, however, that the commercial conference shortly to be held in the French capital will make public its plans for an economic drive on Germany.

The allies believe the effect of such a pronouncement on German financiers and business men will be most important.

The Paris conference promised to remove one factor that has aroused some ill feeling on the part of French and Italian business interests. Big shippers of France and Italy had complained that England, by raising shipping rates, was to some extent bleeding her allies. It was promised that a satisfactory adjustment of maritime rates will be made as early as possible.

LAST CLASS OF UNMARRIED BRITISHERS JOIN COLORS

Youths Who Have Reached 19 Years of Age Since Attestation Enroll.

London, March 30.—The last class of unmarried men, those who have reached the age of 19 since their attestation, appeared in large numbers at recruiting offices yesterday to join the colors.

There is no proclamation on the subject in connection with enlistments. It calls on the first eight groups of married men to present themselves on April 7. This is the proclamation which has caused so much dissatisfaction throughout the country, it being felt that all single men who are evading service in various ways should be called up before the married men are compelled to serve.

COL. HOUSE AT WHITE HOUSE.

He Discusses Submarine Situation with Polk and Lansing.

Washington, March 30.—Colonel E. M. House, official adviser, conferred yesterday morning at the White House with Counselor F. L. Polk of the state department, following an hour's session participated in at the state department by Mr. Polk and the secretary of state. Although nothing is given out here concerning this conference with Col. House, which is but one of several similar conferences held in the last twenty-four hours, beyond question the submarine issue was the main one discussed. Unquestionably the tension of two days ago has been somewhat lessened, but the situation is by no means clear.

The administration is all but convinced that the Sussex was sunk by a torpedo, but neither the president or Secretary Lansing will make a decisive move without convincing themselves that the remotest possibility of a doubt has been removed. State department officials emphasize again and again that, if the public fully appreciated the difficulties and delays involved in securing complete information from all parties concerned, the administration's course of action in these diplomatic negotiations would be approved. His officials say that the president is fully aware of the necessity of acting in each case at the earliest possible moment. They intimate that history will justify not only the length of time consumed in recent international negotiations, but also the apparently conciliatory attitude toward powers accused of violating international law. Be this as it may, there is "nothing doing," at least outwardly, by the administration to-day so far as the submarine controversy is concerned. "We are investigating," is the watchword.

Unofficial information has come to Washington tending to show that the Englishman, reported sunk by a German submarine, presents a different case from that of the Sussex. It is stated that the Englishman refused to surrender when so ordered by the German submarine, but turned tail and ran. If this is the fact, the Englishman case is not identical with that of the Sussex, and her sinking would be held justified in international law.

NEW HIGH RECORD FOR SUGAR.

Fine Granulated Quoted at 7.10 Cents a Pound By Two New York Refiners.

New York, March 30.—A new high record for fine granulated sugar was established Tuesday when two refiners quoted 7.10 cents a pound for that product. The record advance was ascribed to the high price of raw sugar, the small supplies believed to be in the hands of local refiners and the prospects for a decreased European beet crop. The raw product sold Tuesday at 4½ to 5 cents, 142,000 bags being taken at those prices for April and May shipment.

RUB RHEUMATISM PAIN FROM SORE, ACHING JOINTS

Rub Pain Away with a Small Trial Bottle of Old "St. Jacob's Oil."

What's rheumatism? Pain only. Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism and sciatica liniment, which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest "St. Jacob's Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.—Adv.

MILITARY TRAINING COULD REPLACE STANDING ARMY

Senator Chamberlain Explains Why Committee Substitutes Its Own for House Bill.

Washington, March 30.—With compulsory training—not compulsory service—Senator Chamberlain declared in explaining why the Senate military committee had decided to substitute its own army bill for the one already passed by the House instead of attempting to reconcile differences, the country after five years could absolutely do away with its standing army except such as was necessary for police duty. The country, however, he explained, was not ready for compulsory training, and voluntary training in institutions of learning was as far as the bill had gone.

TEST ROOSEVELT STRENGTH.

An Out-and-out Contest Between Colonel and Cummins in Montana.

Washington, March 30.—The stage is set for a fairly good test of western Roosevelt sentiment through the action of Senator Sherman of Illinois yesterday in telegraphing to the state authorities of Montana a request to remove his name from the primary ballot. The names of all the favorite-son candidates for president, including Senator John W. Weeks of Massachusetts had been placed on the ballot, but Senator Albert B. Cummins of Iowa had made the only graphic campaign in the state and probably was leading the other regular Republican racers. It developed, however, that former United States Senator Joseph M. Dixon, Roosevelt's campaign manager in 1912, would run for delegate-at-large as a Roosevelt man. This announcement brought on a straight issue over Roosevelt, as Roosevelt obviously would win the state easily if the opposition was divided, all the Republicans except Cummins withdrew. The primaries will be held April 21, and unless Roosevelt interferes the issue will be drawn squarely between Cummins and the colonel as the preference of the state. Senator Cummins is not a typical Old Guard candidate, as he voted for Roosevelt in 1912 and frequently votes with the Democrats in the Senate, nevertheless the situation is such that the anti-Roosevelt men in Montana will be compelled to make their fight with him.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications, all dandruff disappears, and the hair stops coming out.—Adv.

DUTCH STEAMSHIP SUNK.

Russian Craft Also Sent to Bottom in Submarine War.

London, March 30.—The Dutch steamer Duiveland has been sunk. All aboard her were saved.

The Russian steamer Ottoman has also been sunk. The crew was saved.

The Duiveland displaced 1,297 tons and was owned and registered at Rotterdam.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no yawning, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Adv.
